On **April 22, 2012 (Sunday)**, the Chinese-American Engineers and Scientists Association of Southern California (CESASC) will celebrate its **50th Anniversary** and hold its Convention & Awards, Scholarship Fundraiser, at the Millennium Biltmore Hotel Los Angeles.

Founded in 1962, CESASC is one of the largest and most established Chinese-American professional organizations in Southern California, and is dedicated to promoting the interests, aspirations and professional excellence of Chinese-American engineers and scientists. Over the past 50 years, CESASC has enjoyed continuous growth in membership and activities due to the support of our sponsors, including many major corporations, such as **The Aerospace Corporation, Amgen, Anna & John J. Sie Foundation, Boeing Company, Cathay Bank, China Airlines, Citigroup, Hilton, HSBC, Jet Propulsion Laboratory, Kingston Technology, Northrop Grumman, Pratt & Whitney, Raytheon, Southern California Edison, Walt Disney Imagineering**, etc. and many other businesses and individuals.

Over the last half a century, CESASC has been providing the community with scholarships to encourage young students to take interest in science and engineering as a career. It is the technological edges United States has over other countries that help us maintain our leadership in the world and improve the quality of life for everyone. We will continue to advocate the importance of science and engineering education and to provide support for our members with their career advancement, professional networking and technical platforms. Your continuing support is crucial to our success.

Please join the major corporations to support us. **CESASC Scholarship Foundation Program** can help you set up an endowment in your honor to make long lasting impact on education, see the details on Page 1. Or you can participate in our event or advertise on our Convention Journal to promote your business, see Page 2 for details.

We look forward to having you as our guest on April 22, 2012 and thank you in advance for your support.

Sincerely,

Jason Wen
President, CESASC
